Welcome to The Village Apartments

Our goal at Clark-Lindsey is to provide exceptional living spaces to older adults. To meet each resident's unique wants and needs, The Village apartments come in an assortment of sizes and floor plans. Our standard studio and 1 bedroom layouts, along with a range of 2 bedroom designs, feature generous storage spaces, fully-equipped open kitchens, heating and air-conditioning controls, and Clark-Lindsey's care-free lifestyle.

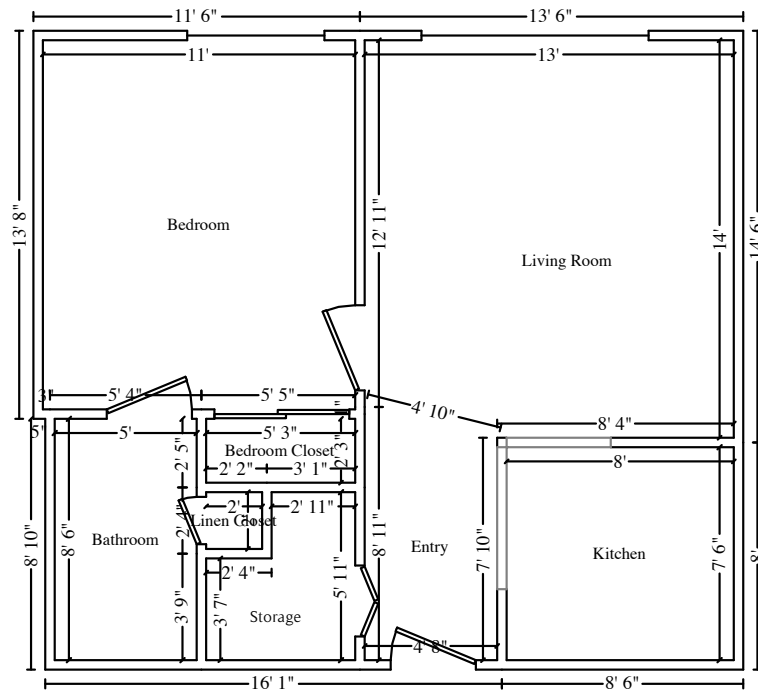

Choose from an enclosed carport or a secure lighted parking area on our campus. Locked entries conveniently located throughout the complex provide direct access to your home with the ease of a key fob.

In addition to your individual apartment space, an array of community spaces and amenities are available to meet your needs on campus.
