Renewal Therapy Center
REHAB TO HOME

Welcome to the Area's Premier Short-Term Inpatient Therapy Services

ClarkLindsey's Renewal Therapy Center and Meadowbrook Health Center work collaboratively to offer the leading short-term rehabilitation therapy in the area. Our research-based, quality-driven clinical programming is designed to get you back to the life you love as quickly as possible. Outcomes of our physical, occupational and speech therapies include:

- Improved mobility
- Restored function
- Reduced pain
- Prevention of further injury
- Health literacy
- Home assessment recommendations

Enjoy care centered around you

Our dedication to person-centered care means a commitment to providing meaningful therapy and nursing services that help you achieve your unique goals. Our interdisciplinary health team works closely with you and your family to ensure that our program is comprehensive and meets your needs. We go beyond core therapy services to medication and disease management, caregiver education and a comprehensive home assessment.

Experience Best-in-Class Service

Our experienced clinical staff provides therapy utilizing state-of-the-art equipment in our new therapy gym and a first-in-the-area nature walk, allowing you to fast-track your recovery goals.

Take Our Bridge Back to Life

Consistency is key when it comes to your health. Upon discharge from our inpatient therapy program, outpatient therapy options — including physical, occupational, speech and aqua therapy — are available to complement your inpatient experience.
